* Includes Dreadnought Production

** Corvette production includes Scorpio production data. Scorpions are produced in mass at noted location. For more detail on Scorpio Production, consult "FASA Starship Recognition Manual"

*** Destroyer production includes (PA) Perimeter Action vessel construction data. For more details on (PA) vessel production, consult "Ships of the Star Fleet"

**** Escort production includes production rates for Escort Cruisers as of 2260.

^ Freightor production includes all Freightors and Tug class vessels

^^ Tender production includes vessel support ships, repair vessels and MRF vessels.

^^^ Transport production includes contrainer transport vessels and personnel transport vessels (non-military)
