NOTES:

It is unknown how many, the Klingons build, of this type of Scout Class. One was used by conspirators to try and stop the U.S.S Enterprise (NCC-1701-A) from getting to Camp Khitomer during the Peace Conference. It was destroyed by the Enterprise, with help from the U.S.S. Excelsior (NCC-2000). We believe that she was the only one of her kind.

Gamemaster Note: One of the warp engines can power the cloak.
